

GRAND SLAM 800BHC VHF ANTENNA MOUNT

Introducing the new Blackout Series GS-800BHC VHF Antenna Mount. The GS-800BHC comes with a black hard coat anodized aluminum finish - providing enhanced protection from the elements and style. The GS-800BHC VHF Antenna Mount was created specifically to prevent climbing on the boat gunnel to raise and lower a VHF antenna. Lift and descend the antenna from the safety of the deck from under the top. Its smooth operation, attractive machined aluminum frame and cast stainless-steel rotator make this item a must for any boater.

FEATURES & BENEFITS

- Black hard coat anodized aluminum
- Safe, no-hassle raising and lowering of a VHF antenna
- No more climbing on T-tops or gunnels
