

## 24' CARBON FIBER TWIST & LOCK TELE-OUTRIGGERS

Introducing our longest outrigger poles yet, the 24' Carbon Fiber Twist & Lock Tele-Outriggers! These longer outrigger poles pair exclusively with the TACO Pro Series GS-450 and GS-500 Outrigger Mounts. The 24' poles feature innovative Twist & Lock butt design, which eliminates the frustrating task of locating a locking pin or bolt hole. Additionally, the 24' poles have four of our patented 360° swivel collars, which allow for a more natural bait presentation and less friction on halyard lines. These poles are available to boat builders and fabricators right now!

### FEATURES & BENEFITS

- Patent US 11,116,197
- UV-resistant, clear-coated black carbon fiber pole construction
- Stainless-steel Type-316L swivel rings and anodized aluminum collars
- Triple outrigger line design for either mono or Dacron
- Telescopes to less than 9' for bridge clearance and trailering
- Patented swivel roller design allows for movement of the rollers to swivel in the direction of lures or bait
- Twist & Lock design eliminates the need for pins or bolts
- Designed for use with the TACO GS-500 Outrigger Mounts
- Includes adjustable roller line caddy with stainless steel rollers with brass bushings - allowing for easy rigging to the T-Top or gunnel and better line management
- Locking pin design keeps poles from collapsing when fully extended and allows for easy collapsing
- Sold in Pairs
