

## OUTRIGGER LINE TENSIONER

If you rig your halyard lines to the gunwale of your boat, the Outrigger Line Tensioner is what you've been waiting for. Its sleek, stainless-steel, mushroom design allows halyard pulley blocks to be locked into place with zero effort. The Line Tensioner eliminates unattractive, and sometimes painful, "camel-back" cleats. This is another go-to accessory from TACO Marine.

### FEATURES & BENEFITS

- Quick and easy installation using 3/4" drill bit through the gunnel
- Mushroom head-threaded bolt
- Adjustable for boats with 1" to 2-1/2" thick gunnels
- Easy Ronstan medium cam cleat for 1/8" to 1/2" thick rope
- Heavy-duty lock washer to prevent loosening from excess vibration
- Electro-polished bracket with countersunk mounting holes
- 1-year limited warranty
